

PEI Indigenous Children and Communities

Together for Life

You are invited to an important discussion
about our children's future.

Come learn about Canada's new legislation concerning children and families, entitled

“An Act respecting First Nations, Inuit and Metis children, youth and families”

(formerly Bill C-92).

- ✦ What does this mean for Lennox Island First Nation children, youth and families?
- ✦ How will protection and prevention services be carried out?
- ✦ How can Lennox Island First Nation affirm their right to custom adoptions?

We want to hear from you – your input is crucial to this process.

If you live out of the province or are unable to attend a community session we invite you to complete the attached survey.

The following Information Sessions are taking place:
